**NATIONAL SHORTHORN  
RESEARCH CENTER**

**PERFORMANCE TESTED BULL SALE**

**Monday, March 23, 1970**

**LEON, KANSAS**

**81 BULLS SELL**

## GENERAL SALE INFORMATION

**TIME** — Monday, March 23, 1970, at the National Shorthorn Research Center, Leon, Kan. Sale begins at 12 noon.

**LOCATION** — The National Shorthorn Research Center is located near Leon, Kan., which is on Highway 54, seven miles south of ElDorado.

**TELEPHONE** — (316) 745-3380.

**FINAL TEST DATA** — The final weight for all bulls on test at the station will be taken on March 5. Complete results, together with sonoray information, will be available shortly after. Sheets will also be provided on sale day.

**GUARANTEE** — All bulls selling are backed by the Standard Guarantee endorsed by the American Shorthorn Ass'n. It appears in full on page 75. All stock is at the buyer's risk as soon as bid off, and we strongly recommend that you insure your purchases.

**INSURANCE** — Will be available from the clerks.

**TERMS** — The terms of the sale are cash. Settlements are to be made with the clerks at the conclusion of the auction and before any purchases are removed.

**HEALTH** — All bulls will comply with the health regulations of the state of Kansas and health certificates will be provided. All bulls will have passed negative tests for both brucellosis and tuberculosis.

**LIABILITY** — The above guarantee and terms shall constitute a contract between the seller and buyer of each lot. Those working on the sale have been employed by the sellers for specific promotional and clerical tasks not connected with the condition of the premises and they accept no liability for the contract or for any accident that may occur. Where footnotes appear in this catalog, they were furnished by the owners. The owners will not be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

**TRANSPORTATION** — The National Shorthorn Research Center is only 25 miles from Wichita which is a transportation center and is served by the largest airport in the state. Good rail and bus connections are also available. Given advance notice to the sale manager, your plane or train will be met. For those who prefer, rental cars are available at the airport.

**SALE HEADQUARTERS** — The ElDorado Motel, 111 E. Central, ElDorado, Kansas. See the list on page 3 for additional motels in the area.

**ACCOMMODATIONS** — **ElDorado Motel**, 1111 E. Central. 3 miles east of Turnpike exit east Highway 54, 1 mile east of Central and Main Inter. From the farm north 7 miles to ElDorado. Phone (316) 321-3610.

**Sunset Motor Lodge**, 1901 W. Central. Just east of Turnpike exit. From farm north 7 miles to ElDorado, to Central and Main, then west one mile. Phone (316) 321-6701.

For those who wish to stop in Wichita —

**Town House Motor Hotel**. About two miles east of airport, junction of 54 and 81 Highways. Phone (316) AM 2-7211.

**Howard Johnson Motor Lodge**, 7300 E. Kellogg. About six miles east of airport on east Highway 54. Phone (316) MU 4-0561.

**DINNER** — A cattlemen's steak dinner will be served at 6 p.m., March 22, the evening before the sale in the 4-H Building in ElDorado. It is located at 200 North Griffith, two blocks east of the intersection of Central and Main and one block north. Tickets are \$2.50 each.

**LUNCH** — A ladies church organization will have lunch available on sale day.

**MINIMUM BID** — All bulls not making the minimum bid of \$400 will be withdrawn.

**MAIL ORDERS** — Those unable to attend may send buying orders to any of the following reliable men, all of whom will attend, or to the owners of the bulls or to the National Shorthorn Research Center.

**C. D. Swaffar**, executive secretary, American Shorthorn Ass'n, 8288 Hascall St., Omaha, Neb. 68125. Tel: (402) 393-7200.

**Harris Simons**, The Shorthorn World, 16 S. Locust St., Aurora, Ill. 60506. Tel: (312) 896-8511.

**Lyle Eiten**, Ladd, Ill. (815) 894-2297.

**Dwayne Dietz**, The Drovers Journal, Harrisonville, Mo. 64701. Tel: (816) 842-5980.

El Dorado, Kan.

Located north of town on  
Highway 77

## Cattlemen's Steak Cookout

On Sunday evening, March 22,  
the National Shorthorn Research  
Center will sponsor a dutch-  
treat cattlemen's steak cookout  
at the 4-H Center, El Dorado,  
Kan. It is located two blocks  
east of the intersection of Cen-  
tral and Main, and one block  
north. Tickets are \$2.50 each.  
Dr. Miles McKee, Kansas State  
University, will lead discussion  
on current performance testing  
techniques.

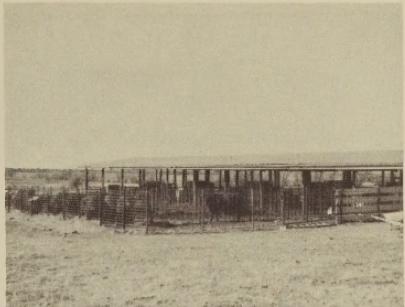

All bulls on test have been sonorayed by Mr. Keith Hoelzen, of International Agribusiness Services. Complete reports will be available on sale day. Hoelzen said "The Shorthorn breed, like all others, needs comparative testing urgently. Certainly the test under way now at the National Shorthorn Research Center is the greatest thing that can be done for the breed at this time. The gains recorded at the end of 112 days are the highest consistent gains I have seen for any breed anywhere."

---

## Here's the Feeding Program -

There's nothing complicated or unusual about the feeding program at the National Shorthorn Research Center. Bulls are on a full feed ration designed by the University of Arkansas. It is not a "hot" feed, but rather contains plenty of roughage including 50% cottonseed hulls. Vitamin and mineral requirements are looked after and limited hay is provided.

## How the National Shorthorn Research Center Works for You

You'll be interested in the management at the National Shorthorn Research Center.

The bulls began arriving in early October and were acclimated until October 16 when the first weights were taken. They subsequently were weighed every 28 days by William Hundley, Butler County agricultural agent.

They are fed a full feed ration designed by the University of Arkansas. Automatic water fountains are in each pen.

The bulls are grouped in pens of five. Each pen is sheltered at one end by a new open pole barn.

Good veterinary care is available daily, but there has been little sickness among the bulls. Horn weights are permitted and feet are trimmed as it becomes necessary.

At the conclusion of the test on March 5, breeders will be permitted to groom their bulls for a neat presentation on sale day.

## From the Sale Manager —

It is a great privilege to be associated with the National Shorthorn Research Center, the good people who operate it, and the far-sighted consignors.

The importance of performance testing in this modern era is acknowledged. If anything, we've been too slow in grasping this very effective tool of modern evaluation. Now we have the first major bull testing station to be devoted exclusively to Shorthorns and it can be an important source of improvement for the entire breed.

People should not get the idea that these bulls are strictly for commercial cattlemen. Most of the consignors have brought their best and the consistently high gains of all the bulls prove it. There are sires here for the leading herds of the country. Just think of the improvement your herd can make with one of these high-gaining bulls at its head.

**Harris Simons**  
the final figures in detail and join in the discussion at the cattlemen's cook-out on March 22. We're all sure to learn a lot.

Feel free to visit the test station at any time. Be sure to arrive early on sale weekend so you can study

**HARRIS SIMONS**  
The Shorthorn World

## About the Photographs —

Photographs appear of most of the bulls selling. They are completely unretouched amateur snapshots. No special washing, grooming or fitting of any kind was permitted to fancy them up for advertising purposes. They appear here exactly as they are.

**Lot 1, Tag 8**

## Attend the Cattlemen's Cookout

On Sunday evening, March 22, the National Short-horn Research Center will sponsor a dutch-treat cattlemen's steak cookout at the 4-H Center, El Dorado, Kan. It is located two blocks east of the intersection of Central and Main, and one block north. Tickets are \$2.50 each. Dr. Miles McKee, Kansas State University, will lead discussion on current performance testing techniques.

REKIDAN (Tag 14) — The dam Recoki weighed 496 pounds at 205 days. Rekibo's three calves averaged 546 pounds. Erora Majesty and Erora Pride B. were out of dams that were full sisters. Each bull was, in his time, the greatest production improving sire of the breed. Sons of Majesty were 2nd and 4th in the International Beef Contest in carcass grading. Clayside Lady Fair was twice grand champion at the Sooner State Show, and weighed 1,960 pounds. Calves of All Purpose Red Count averaged 579 pounds at 205 days. Those of Clayside Dandy averaged 562 pounds. Weaning Recognition Award: Gain 2.4 pounds; wt. per day of age, 2.8 pounds; 205-day wt. 562 pounds; Age 191 days.

**REBODAN** (Tag 15) — The heaviest of our 1969 calves at weaning time. His color is that of Lady Fair, the cow that won grand champion twice at Sooner State Show, and weighed 1,960 pounds. Rerobo is an ancestor of every female in our herd. Rekibo 2nd and Rekibo are full-sisters. Sons of Erora Majesty placed 2nd and 4th, on the rail, in the International Beef Contest in 1967. Majesty was the leading production improvement sire of the breed for many years. Weaning Recognition Award: Gain 2.7 pounds; Wt. per day of age, 3.1 pounds; 205-day wt., 624 pounds; Age 190 days.

**RERODAN** (Tag 18) — Smoothness, style, straightness and even roan color that qualify him for a show bull. The dam, Rekibo is a full-sister of the dam of Reboden. See his footnote. Calves of Rekibo have averaged 546 pounds adjusted 205-day weight. Rerobo is an ancestor of every female in our herd. We would retain this bull for our own use if he were not so closely related to our females. Sons of Erora Majesty placed 2nd and 4th, on the rail, in the International Beef Contest in 1967, this bull was the greatest improving bull of the breed for many years. Weaning Recognition Award: Gain 2.6 pounds; wt. per day of age, 3.0 pounds; 205-day wt., 603 pounds; age 187.

REGIDAN (Tag 17) — His dam Recogie was 1st junior yearling heifer at Kansas State Fair in 1967. Her 205-day weight was 541 pounds. Her two calves have averaged 633 pounds. The two great improvers Erora Pride B. (that sold for \$10,000), and Erora Majesty appear close up. Their dams were full sisters. Clayside Lady Fair was twice grand champion of the Sooner State Show and weighed 1,960 pounds. All Purpose Red Count sired calves that averaged 579 pounds at 205 days. Clayside Dandy's average 562 pounds. Erora Majesty sired the 2nd and 4th place in the International Beef Contest in 1967, showing on the rail against all breeds. Weaning Recognition Award: Gain 2.4 pounds; wt. per day of age, 2.8 pounds; 205-day wt., 562 pounds; Age 183 days.

**KINNABER GAY LAD 2nd x (Tag 80)** — Also by the big, long Cumberland Gay Lad x that topped the J. R. Bateman dispersal. He is from the same dam as the 1969 International champion female, Bonnyview Daffodil x that sold to Hart Farms in Texas and is now nursing an outstanding TPS Coronet Leader 21st x calf. Bonnyview Pearson Daffodil x, one of the real good cows of the breed, was recently selected from the Kinnaber herd by the Packard Land & Cattle Co., Elbert, Colo., for their good herd. This bull is bred to be a topper and should make a stock bull that will breed on.

Red Roan, C. Gordon

**BROADCURVE GAY LAD x (Tag 79)** — He is by one of the growthiest and longest bulls we have ever sold that weighed 1,150 pounds at one year. He was not officially performance tested but his full brother of similar type one year younger was the heaviest bull ever tested at the Manitoba Beef Sire Indexing Station, Douglas, Manitoba, where he weighed 1,010 pounds at 10½ months on an all-oat ration. Broadcurve Gay Lad's dam is one of the breed's best cows and topped the J. R. Bateman dispersal. This bull has the bred-in ability to produce cattle of extra size and length, with quality. He was one of the heaviest calves we ever weaned.

H C O UNLIMITED x (Tag 19) — Is by Questing's Unlimited. He was used quite a bit at Questing Hills and sired two of their top heifers in last sale. Unlimited is out of Miss Rosewood Coronita x, \$1,500 champion female at an All-American sale. She resold in Questing's last sale to Acadia Farms for \$1,000. The dam is a 12-year-old cow from Ralph Stirms, Brandon, Iowa. She weighed 1,300 pounds in her prime. This bull was never creep fed, and lost about a month with a very bad case of pink eye.

## WHAT IS A SHORTHORN BULL WORTH?

What is a good Shorthorn or Polled Shorthorn commercial bull worth? Those of you who have had experience with Shorthorns know their superior profit-making ability and have a figure in mind. For those of you who have not had experience with Shorthorns, we cite this story.

Ray Holder, Harrisonville, Mo., used a Shorthorn bull on 20 cows of another breed. He used a bull of the same breed as the cows on 20 others.

Nineteen crossbred calves resulted. These were developed the same way and on the same feed as his straight-bred calves. At the end of eight months, when sold, the crossbreds averaged 189 lbs. a head more than the straightbreds and sold for the same price. The heifers sold for \$20.00 per cwt. and the steers for \$23.00.

A little arithmetic shows that the Shorthorn bull added \$43.47 to the value of every steer calf and \$37.80 to each heifer calf. If ten of these were steers and nine heifers, the added return from using a Shorthorn bull was \$774.90 on just one calf crop of 19 head.

## Shorthorns Add Pounds

In a day when profit is increasingly hard to come by, a big, fast-gaining Shorthorn bull will add pounds to your calf crop and put extra dollars in the bank. Herds that have been using top performance tested bulls for years, find that they consistently wean calves between 600 and 700 pounds.

How much do yours weigh at weaning now?

**MITCHLETT CLAYMASTER 14th (Tag 61)** — Upon arriving late to a sale some years back, we asked Mr. Crockett to point out his best cow. He presented Roan Gloster 12th, we brought her home and he certainly steered us right. She has given us two bull calves, each weighing 1,100 pounds at one year, and one of our best replacement heifers.

#### HERE'S THE RECORD

Lot Number: 80 Pen Number: 20 Tag Number: 61

Birth Date: 4-10-69

Weight Oct. 16: 455 lbs. Weight Feb. 5: 855 lbs.

Total 112-Day Gain: 400 lbs.

Average Daily Gain 112 days 3.57 lbs.

CLAYMASTER CUSTODIAN (Tag 63) — Clay Mitchell purchased the dam of this calf at the top of the Carter Dispersion. She is probably the best big cow in the herd. The calf shows a lot of length and ample leg.

HERE'S THE RECORD

Lot Number: 81 Pen Number: 20 Tag Number: 63

Birth Date: 4-26-69

Weight Oct. 16: 335 lbs. Weight Feb. 5: 755 lbs.

Total 112-Day Gain: 420 lbs.

Average Daily Gain 112 days 3.75 lbs.

## STANDARD GUARANTEE

Endorsed by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
